THE ASSOCIATION FOR FINANCIAL PROFESSIONALS OF WESTERN NY

The Association for Financial Professionals of Western New York is a non-profit, educationally oriented organization, which provides a forum for the active and open exchange of concepts and techniques related to the practice of cash and treasury management. Today's membership represents a wide cross section of local industry professionals. Membership is open to individuals from businesses and non-profit organizations, financial service vendors and banks. A free flow of ideas and information is encouraged and maintained among the Association's members.

Each year, the AFPWNY bases its education program decisions on participant response to the previous year's programs. This process ensures that topics addressed during each seminar reflect the most prevalent issues, and that the information provided is on leading edge technologies. Conference attendance continues to flourish resulting from feedback received from attendees.

AFPWNY encourages member participation in the National Association for Financial Professionals (AFP). In addition to offering a wide range of continuing education opportunities, professional certification and industry standards programs, the AFP has become an invaluable resource for disciplines represented in organizational and corporate treasury areas. Together with affiliate organizations, AFP works to increase professional skills and to enhance the recognition and credibility of the treasury management profession.

Presentation: 12:00 PM – 1:30 PM

Topic: How Globally Dispersed Organizations Can Prevent Payment Fraud **Speaker:** Nithai Barzam - Chief Operating Officer - nsKnox

Are you a multinational with global operations? Does your company have multiple subsidiaries in different geographical locations? Do you work with suppliers and partners from abroad?

If you do, then it's critical for you to know that multinationals are a prime target for fraudsters seeking to defraud global organizations with longer communication lines, time zone differences, and language barriers.

In this session we will cover:

- What are the risks of payment fraud for multinationals with distributed financial operations
- Recent examples of how leading multinationals lost millions of dollars to cyberfraud
- Best practices for such organizations for preventing cyber-driven payment fraud

Speaker Information:

Nithai Barzam - Chief Operating Officer - nsKnox

Nithai is a seasoned executive with over three decades of proven management, international business development, and operational experience in both private and public companies.

Before joining nsKnox he served as the CEO of Muvix Media Networks, a technology startup that develops the next generation of live broadcasting.
